

Declaration of Financial Interests or Relationships

Addendum to Financial Disclosures

The ISMRM is committed to:

1. **Insuring balance, independence, objectivity and scientific rigor in all Continuing Medical Education programs; and**
2. **Presenting CME activities that promote improvements or quality in healthcare and are independent of commercial interests.**

Therefore it is the policy of the Society that any person who has influence over the content of a program designated for *AMA PRA Category 1 Credits™* must disclose any real or apparent financial interest or other relationship (i.e., grants, research support, consultant, honoraria) that the individual may have with the manufacturers, distributors or providers of any commercial products or services that may be discussed in the presentation.

Such financial interests or relationships must be identified in advance so that potential conflicts can be resolved before the program, and participants at the CME activity may have these facts fully disclosed at the outset.

Following are the names of all presenters, committee members and other organizers who had influence over the program content. If individuals have disclosed real or apparent financial interests or relationships with regard to the subject matter of this meeting, the interests or relationships are described.
