REGISTER ONLINE and CHECK FOR PROGRAM UPDATES

www.ismrm.org/smrt/chapters/anz.htm

Please join your colleagues for two days of MR education, networking and professional exchange. An outstanding international and local faculty will bring you a varied program addressing a wide range of basic to advanced MRI topics.

Dr. Winfried Willinek, Associate Professor of Body and Vascular MRI at the University of Bonn, Germany, will speak on Liver Protocols and Contrast Agents, Time Resolved MRA and Extracranial DWI. Tobias Gilk, MRI Safety Director for Mednovus, USA, and member of the ACR safety committee will address MR Spatial Gradients and MRI Site Design.

Our international keynote speakers will join a talented local faculty presenting on a variety of MR topics including MR physics, neuro imaging, cardiac, paediatric, body, vascular and musculoskeletal MR. The meeting will again include proffered papers and poster submissions.

Registration includes a Saturday night cocktail function at The Floating Pavilion.

Registration badge will be required for entry.

CALL FOR PAPERS

Deadline: 3 September 2010

Want to share your work with your colleagues?

MR professionals are invited to submit an abstract with either a clinical, research or case-based focus. Abstracts may be submitted in the form of oral or poster presentations. The authors of the highest scored abstracts will have the opportunity to present their work in an eight minute oral presentation. The highest scored abstract will receive the First Place Award and free 2011 membership to the SMRT.

Abstracts must be submitted online via the ANZ Chapter SMRT website:

www.ismrm.org/smrt/chapters/anz.htm. The deadline for abstract submission is the 3rd of September 2010. An abstract template and information on how to write an abstract can be found online at:

www.ismrm.org/smrt/chapters/ANZ/ANZ10Call.htm. Please contact the Program Committee Co-Chairs if you would like more information.

ABOUT THE SMRT

The Section for Magnetic Resonance Technologists (SMRT) is the leading organisation providing an international forum for education, information and research in Magnetic Resonance (MR) for MR technologists and radiographers throughout the world. The SMRT operates as a section of the International Society for Magnetic Resonance in Medicine (ISMRM).

The Section for Magnetic Resonance Technologists (SMRT) was founded to provide a forum for education, information, and research in the field of magnetic resonance. The primary objective of the SMRT is to advance the education and training for MRI/S technologists and radiographers worldwide. The SMRT is committed to promoting the communication and dissemination of information regarding current and emerging technological advances to its members. The SMRT is a non-profit organisation.
